

# Sketch

- 1)  $\overline{AB} \perp \overrightarrow{BD}$
- 2)  $\overleftrightarrow{MN} \parallel \overline{PQ}$  with midpoint R of  $\overline{PQ}$ .
- 3) Linear pairs  $\angle EFG \neq \angle GFH$
- 4) Supplementary angles that are not linear pairs:  
 $\angle K \neq \angle L$ .
- 5)  $\angle TUV$  with angle bisector  $\overrightarrow{UV}$
